

While the 2020 Governor's Blue Ribbon Meat Products Auction has been cancelled, we have other ways our auction participants can continue to support Wisconsin 4-H.

Our auction is nothing without the meat processors, buyers and sponsors. We pride ourselves on celebrating all of you not just at the event, but throughout the year. We know that you love 4-H, just like we do.

So together we will find ways that you can still support our 4-H youth.

The auction could not be successful with the remarkable support it receives from our partners. The Foundation works throughout the year to provide additional significant promotion. Our sponsors receive numerous rights and benefits by aligning with this event to create visibility, elevate brand awareness and invest in Wisconsin's premier youth organization.

We welcome the opportunity to discuss options that best fit your needs.

Join the **Heart Club**
